You can press the Space bar to use the eraser tool, or you can press keys on the keyboard, like Alt to use a hard eraser or Shift to use a soft eraser. You can also access the eraser tool from the tools tray located at the very top of the window: If you're using Windows, you won't see this tool. Instead, you'll see a button that looks like a pencil to the left of the picture window. If you click and drag the pencil, then you will erase any areas that are intersecting or under the eraser. If you hold down the Alt key, the eraser will be highlighted and not intersecting areas will be erased, like shown in the comparison below: **Editor Tools:**
